for the date(s), timing(s) and venue(s) specified on page 1. Your entertainment service team will arrive at minimum 2 hours before the start of the event, unless coordinated otherwise. Each DJ setup can take upwards of 2 hours, and so it will be the responsibility of the host to allow for this allotted time specifically for the entertainment crew without any interruptions (decorator setup, banquet setup, access to venue lighting, etc), otherwise BSL cannot guarantee optimal sound and lighting for your event. Please coordinate the timing, setup requirements, and related logistics with your event planner (if applicable) and or your banquet coordinator.

Most DJs setups require (To be coordinated between BSL and venue directly):

- Clear instructions on loading
- 2 6ft Tables (back to back) skirted to match the remaining tables in the room
- At least 3 power outlets on different circuits (or a power drop) as high wattage speakers and lighting are typically included in your package and require this power.
- Depending on how intricate your agenda, the DJ setup should have clear view of the head table or the ceremony setup. Otherwise, we will require a planner to be at the DJ booth at all times to provide the necessary cues
- A riser at least 8 feet wide and 10 feet deep (recommended where applicable)
- We also do not recommend any seated guests directly in front of the DJ as our 2 primary speakers will be aimed directly at them. The recommendation is for our booth to be positioned near the dance floor.
- For any projector and screen setups, one 6ft table per screen (skirted) and a short cocktail table for the projector, including power readily available.
- PLEASE ENSURE PROPER PERMITS ARE PULLED FOR BARAAT. Note, permits need to be handled directly with the host.

For the Waltham Westin, we will require a riser on the side of the head table (closest towards the loading door) with a power box with at least three 20 amp circuits. Should they need reference, they can refer to the setup from the Strand and Kumar wedding from 6/17/2022.

The contract assumes your AGENDA:

Will be delivered to BSL in its final version no later than: 8/15/2023

BSL typically requires at least 2 weeks to prepare for your event, including organizing music, agenda, coordination with banquet coordinators or planners, etc.

Although BSL entertainers also act as managers of your event, their sole responsibility is to execute out the entertainment aspects of your agenda or timeline. While BSL entertainers can provide creative input on how you should shape your timeline and agenda, it is highly recommended that you work with an event planner that understands your customs, culture, needs, desires and vision of the flow of your event.

Some may claim to be planners, HOWEVER:

- Most banquet coordinators only work to fulfill their banquet order, which entails enforcing times, how many tables, etc.
- Others claim to be planners, but should be regarded as “Advisors” as they will simply recommend who you should contact for services, but then leave it up to you on the day off to coordinate.
- Family members underestimate the amount of work and coordination required at these type of events.

To reiterate, as part of this contract, BSL entertainers will solely be responsible for setting up equipment as stated above, play music and make appropriate announcements as identified. All other requests will be considered based on capacity.

The contract outlines in case of **EMERGENCY**

Your Administrative Contact is: Yogesh Rana
Your Primary Entertainers is: DJ Yogz and DJ Dee

Although this contract outlines the entertainers assigned for your event, in case of unforeseen circumstances, BSL reserves the right to replace these performers with other performers from our team without hindering the quality of service and preserve the attention that your event deserves. Boston Sound and Light Company is committed to providing you the utmost professional level of service in executing your dream event. And in this commitment if there are reasons where a performer is not able to deliver to the BSL standard, BSL will make an executive decision to replace the entertainer with an alternative so that your event is not impacted.

Although such circumstances are rare, this section of the contract allows some flexibility and consideration for situations involving:

- Sickneses (self or immediate family)
- Accidents preventing proper execution
- Deaths in immediate family

If the primary DJ, DJ Yogz is unavailable due to the circumstances listed above, the client can choose to cancel the contract or renegotiate a reasonable rate.

If in the case the date is moved (to a non-long-weekend date), for as long as BSL has availability , the terms of this contract will be moved to the new date.
